INNOVISION 7.0 – VK1

COORDINATORS LIST

Lavya Jain – 4E – 9868165618
Arsh – 6M – 8800696879
Avnish – 2E – 9811318989
Kavya – 2E – 9899298626
Jeevansh Wadhwa – 2M – 9667167190

ABOUT THE EVENT

Innovision 7.0 is an ideathon that challenges students to move beyond surface-level solutions and address critical issues such as data privacy, system vulnerabilities, and ethical risks. Participants are expected to present secure, scalable, and impactful ideas that tackle real-world cybersecurity challenges.

EVENT HIGHLIGHTS

- Duration: Minimum 4 hours
- Team Size: Up to 3 participants per team
- Rewards: Certificates for Top 2 positions
- Prize Pool: None — the focus is on impact and innovation

RULES & FORMAT

- Team Size: Maximum 3 participants per team
- Presentation Time: 8–10 minutes followed by 2 minutes of Q&A
- Slides Requirement: Minimum 8–10 slides
- Focus: Teams must address cybersecurity challenges with innovative, technical, and scalable solutions that:
    - Strengthen digital security
    - Protect data and privacy
    - Create positive societal impact

DOMAINS TO EXPLORE

Artificial Intelligence & Machine Learning

- Predictive Analytics
- Generative AI
- Computer Vision

Robotics & Automation

- Industrial Robotics
- Autonomous Systems

- Human-Robot Interaction

Internet of Things (IoT)

- Smart Devices
- Connected Infrastructure
- Edge Computing

Biotechnology & Bioengineering

- Healthcare Innovation
- Synthetic Biology
- Agri-Biotech

Clean & Climate Tech

- Carbon Capture
- Renewable Energy Systems
- Energy Storage Solutions
