TECH UNSEEN (IT Quiz) – VK2

EVENT COORDINATORS

Ms. Hanisha Kukreja – 93155977964
Mr. Krishank – 8929152891

ROUND 1: TECH FOUNDATIONS

- Round 1 will consist of teams of 2 participants.
- Individual participation is not allowed.
- The quiz will include general reasoning and IT-related questions.
- Teams will be given 10 seconds to read and discuss the question.
- After discussion time, teams will have 20 seconds to answer.
- Points will be awarded for every correct answer based on how quickly the response is given.
- Incorrect answers will receive zero points.
- The decisions of the anchor and faculty members will be final. Any argument may result in elimination of the team.

ROUND 2: DEBUG THE INNOVATION

- A total of 15 teams will be selected from Round 1 to participate in Round 2.
- This round will include the following segments:

(a) Behind the Innovation (Identify the Hidden Tech)

- Teams must identify the technology powering a popular product or application.
- Clues will be displayed on the screen.
- Each question will have 3 progressive clues.

(b) Visual Decode (Image/Logo/Code Round)

- Teams must identify hidden technologies from visuals.
- Images, logos, or code snippets will be displayed.

(c) Debug the Innovation

- Full forms of technical abbreviations
- Inventor or Year of Invention
- Quick coding logic
- Security-related terms

- Teams will be given 10 seconds to read each question.
- Teams will have 10 seconds to answer.
- Every correct answer will be awarded points.
- The decisions of the anchor and faculty members will be final. Any argument may result in elimination of the team.
